7 Thus it will appear that the concession prayed for by the Mal Council could only be viewed with favour provided the Municipality is willing to bear additional burden in respect of certain charges which are usually met from State funds

8 As the question involves wide issues, it may await the development of the Decentralisation Scheme as already ordered.

OPINION OF THE COUNCIL.

The land revenue on agricultural lands within municipal limits should not be alienated in favour of municipalities.

The existing rate of 10% for collection charges needs no modification in the case of the Bangalore City Municipality.

Final Note by the Second Member of Council

Subject —

Request of the Bangalore City Municipal Council that the land revenue on the agricultural lands newly included within the municipal limits may be assigned to them and that the collection charges may be reduced

---

In his letter of 12th May 1917 the President of the Bangalore City Municipal Council submitted for the orders of Government, a resolution of the Council requesting that, pending the development of the Local Self Government Scheme, the Land Revenue on all the remaining lands included within the City Municipal limits, subsequent to the issue of the Chief Commissioner's order of 8th June 1876, may be assigned to the Municipality and the collection charges thereof may be reduced from 10% to 6¼%.

This being a question of general policy, I was not in favour of granting the request of the Municipal Council

The subject was subsequently considered in Council, and it is resolved that the Land Revenue on agricultural lands within Municipal limits should not be alienated in favour of Municipalities It has also been resolved that the existing rate of 10% for collection charges needs no modification in the case of the Bangalore City Municipality.

The above resolution of the Council may be approved

Member of Council.
